

AUSTRALIA

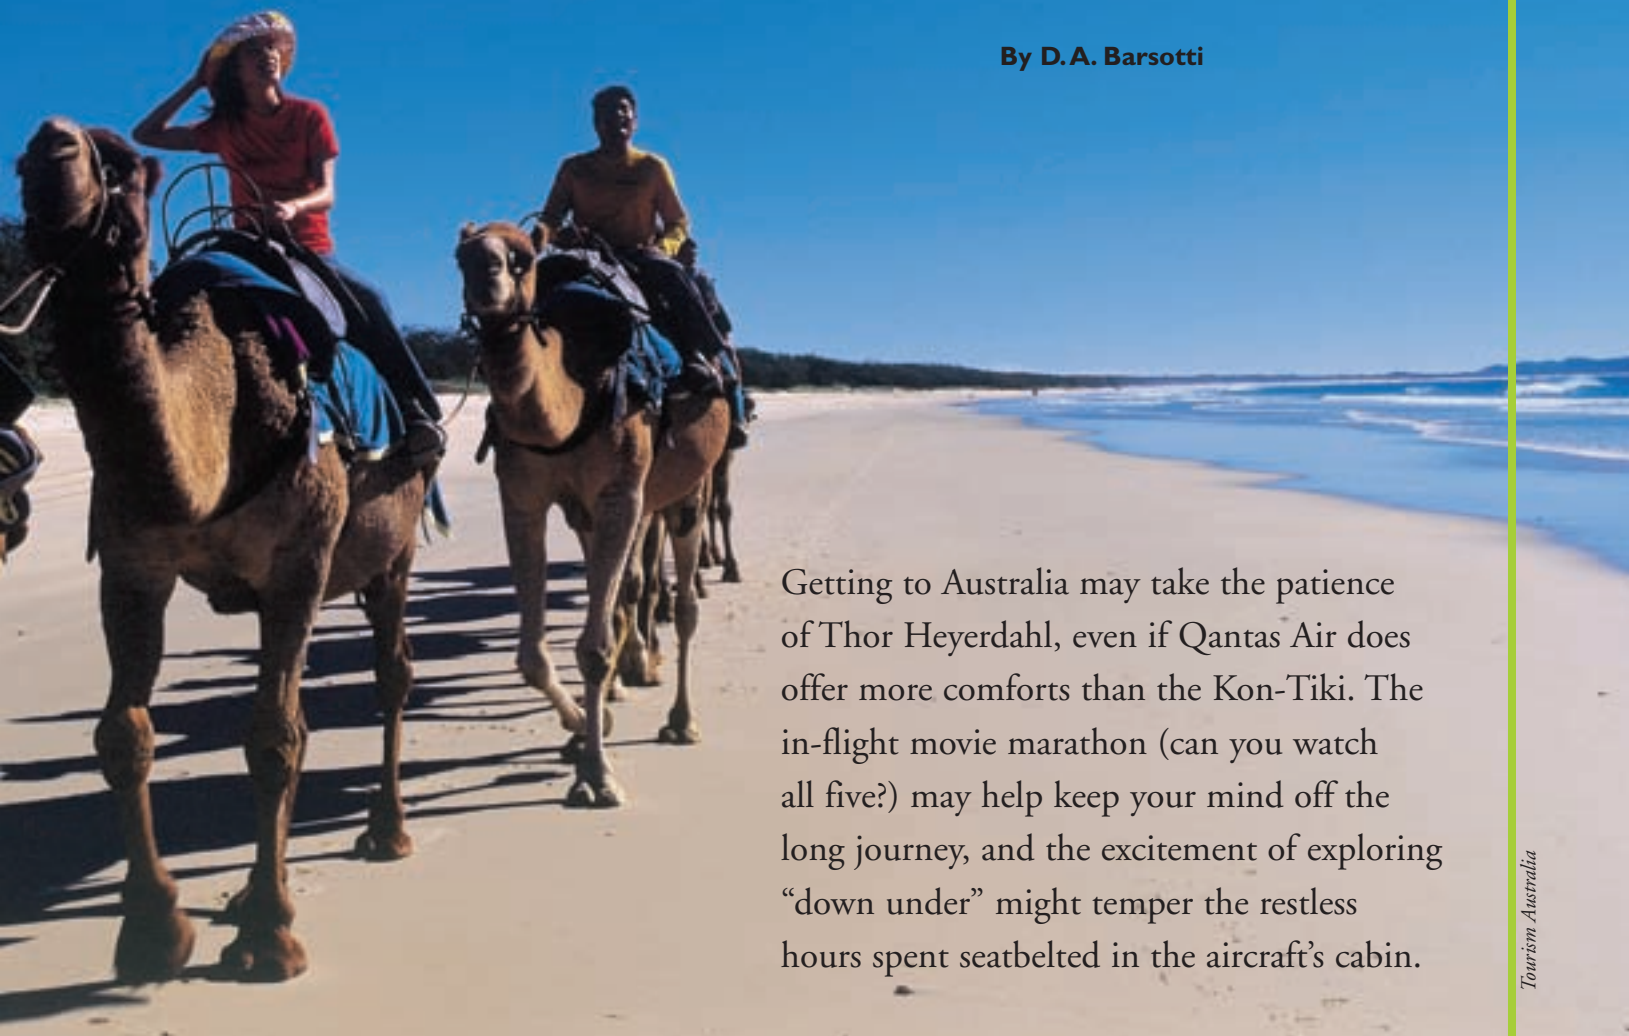

A camel safari is a unique way to travel the beaches or the outback.

Go Coastal

It's an island. It's a continent.
It's as expansive as the lower 48 United States.

How do you **explore** Australia?

By D.A. Barsotti

Getting to Australia may take the patience of Thor Heyerdahl, even if Qantas Air does offer more comforts than the Kon-Tiki. The in-flight movie marathon (can you watch all five?) may help keep your mind off the long journey, and the excitement of exploring “down under” might temper the restless hours spent seatbelted in the aircraft’s cabin.
